ANNOUNCEMENTS:

SAPD Annual Fundraiser will be March 5th at Choke Canyon.

Robin McFarlane is in the early stages of the MacArthur Tournament. Possibly April or May. She will be looking for volunteers.

If you have an Email address and have not given it to Louise please do.

OLD BUSINESS: None

NEW BUSINESS:

Stan Foltz brought up that with the cost of everything going up, in order to send a nice flower arrangement to our members, he asked that we raise the allowable amount to increase to \$75.00.

Voted on and passed.

Stan also brought up that we have veered away from just sending flowers to members of the club and their family, we will go back to that rule.

If you need to make a purchase for the club you need to get permission and produce a receipt for that purchase.

We are trying to do an asset inventory, if you know where one of the items not accounted for please let Stan know.

Tent for weigh in (there may be 2 of these)

2 tables

12 stackable chairs

David Glenney brought up a discussion about the clubs lap top computer. It works however, the battery life does not last long enough to do much with it at tournaments. Suggestions were given and several club members will look into a solution.

The fundraiser/Fish Fry is tentatively scheduled for July 30 2011...more information to come.

Raffle: Reel and Thermal cup to be drawn next month...so remember to bring those dollar bills with your name on them.

REPORTS:

METRO: Brenda Merrit and Doline Holmes worked hard during the boat show and were able to get 7 donations towards the city tournament. Good work ladies. At present time location of tournament not decided.

Boysville tournament: Metro is seeing if the tournament can be changed for Sunday to Saturday to see if we can get more participation. When more info is available it will be passed on.

TABC: The TPWD Inland Fisheries Director is Dr. Gary Saul. He has been in that position since early fall.

HISTORY REPORT : by Dave Cole. IN the years that the club has been in existence there have been 17 bass over 10 lbs. To include a 13.26lb Lunker caught by George Shaw.

Funny for February...are you superstitious?

One day when we were sitting in the boat with the skunk (the big fat 0 bites), my buddy says here - my wife gave me a bunch of bananas to bring. We sat there eating bananas, and laughed about them being bad luck. After a while every time we had bad luck, there was a banana!

One day we were having a skunk day, we searched the boat for bananas, found none. Just then I spot a banana peel floating by on the tide.

In spite of knowing better - we turned into paranoid-of-banana freaks. Wouldn't even stop at a convenience store because they sold bananas. Threw out delicious homemade banana bread. Almost paddle-whipped some poor guy eating a banana at the boat ramp. Kept a banana sealed in a lead box, and if someone moved in on our fishing spot we would gently lob a banana in their boat. Once we even tried fishing with a banana just to see if the fish would leave the water and jump into the boat.

Mark my word, the skunk loves bananas, and it will always show up if you bring one!

If I should go to meet my maker, please don't let my wife or husband sell my fishing gear for what she thinks I spent on it!
